Renowned Rajasthani folk artist Bhutte Khan Manganiyar and his ensemble delivered a spellbinding performance at the LN Mishra Institute of Economic Development and Social Change. The event, organized by SPIC MACAY as part of their Lec-Dem Series 2024, began with the evocative

Rajasthani welcome song, "Kesariya Baalam, Padharo Mhaare Des," setting an enchanting mood for the evening. Dr. S. Siddharth, Senior IAS officer despite of busy schedule came all the way despite of his busy schedule for the programme. The audience was treated to a vibrant display of traditional Rajasthani dances, including the captivating "Bhawai" and the dynam-

ic "Kaalbeliya," performed by skilled dancers. The highlight of the evening was the infectious tune of "Nimbooda Nimbooda," which left the audience exhilarated and in high spirits. SPIC MACAY's initiative continues to bridge the gap between youth and the rich tapestry of Indian cultural heritage, bringing traditional arts into educational spaces with engaging performances.

During my time at LN Mishra College from 2022 to 2024, I experienced significant growth. The college provided me with confidence and crucial skills through supportive teachers and a helpful placement cell.

By the end of my studies, I secured a fantastic opportunity as a Block Project Manager (BPM) at Bihar Jeevika. This role is a significant responsibility for a fresh graduate. At Bihar Jeevika, I manage community projects, applying what I learned in college and gaining new experiences each day.

My journey reflects how my hard work and the support from my college helped me achieve a promising start to my career.

When I joined LNMI Patna in 2022, knowing it's one of the prestigious government colleges with a great history behind. I had many questions regarding placement, faculties, curriculum, syllabus, exposure and practical experiences as well and I kept thinking of getting a placement where I can find myself satisfied for the initial job of my career. The atmosphere of LNMI Patna is vibrant and cultural activities keep going on with the studies which helps to develop the overall personality of an individual.

The faculties helped us in our placement by mock interviews, Group Discussion to evolve as a professional.

The journey at LNMI was really full of excitement and everyday it turned out to add more and more values in my personality, that too very effortlessly. I didn't even realise when I came out of my comfort zone and became an outspoken and semi extrovert kind of person from a completely introvert one. My biggest fear turned out to be my biggest strength which was facing people whether it be on stage or in interviews. LNMI has given me such opportunities where I could explore my own self, which was actually my vision behind choosing MBA. I had never thought of getting placed; my aim was just to be outspoken and extrovert so that I can secure a better future through these life skills but all thanks to the profound and helpful faculties who pampered me so well that I got selected in COMFED as an EXECUTIVE HR, and currently working at MMU, Gaya. I found my way to independence over here, you can have yours too..

The journey at LNMI has been like a roller coaster, with so much to do in so little time. The unique and distinctive proposition of learning at LNMI through collective discourse that provides both theoretical concept clarity and application-oriented methodology has assisted me in gaining a more thorough understanding of management concepts. The in-house faculty and visiting professors with both industrial and academic experience provided us with the opportunity to learn through their highly interactive and engaging lectures.

It is important to note that the administration and faculty have always wanted the student body to participate in shaping the institute which made the students coordinators of the vital committees in LNMI, allowing me to develop leadership and teamwork skills that I will treasure for a lifetime. Whether it be academics, extra or co curriculars, placements or cultural fests you feel compelled to give your all and apply your knowledge. The quality of instruction, infrastructure, and personnel, as well as the overall learning experience, are unparalleled. Thank you for everything, L N Mishra Institute of Economic Development and Social Change!
